

Trainer Profile

Elaine Pang

Ms Elaine Pang is a qualified accountant by profession. She is currently the principal consultant of an IT consulting firm providing professional accounting and management consultancy services to SME companies.

Ms Pang has more than 25 years experience in auditing, finance, accounting, taxation and accounting software implementation.

Ms Pang is an Accounting graduate from the University of Malaya and has been trained in a reputable public accounting firm before joining the commercial sector. She has acquired a wealth of accounting and business knowledge and has held several finance and accounting portfolios in various organizations. Amongst the types of companies she has served are auditing firms, large multinational firms, small entrepreneurial firms, accounting software house, and the service industry.

Her professional mission is to inculcate good accounting practices into the small- and medium-sized industries.

She is the Principal Trainer for one of the popular accounting software in Malaysia. She conducts regular one-on-one accounting courses for the end-users of accounting software. In addition, she has also conducted practical accounting courses and computerized accounting courses for non-financial executives and college students.

Ms Pang is a certified trainer under HRDF.
